ARTIST BIO

NIGHTTIME PSYCHEDELIC / SWITZERLAND

Token Robot is a nighttime psychedelic project from Switzerland, delivering robotic funk for psychedelic night floors.

Created by an experienced Swiss psytrance artist, also known from Silent Sphere, the project explores a playful yet focused side of psychedelic trance — combining good vibes, high-quality sound design, machine-like movement, versatility and a clear dancefloor drive.

Built around 11+ original tracks and a full 90-minute original set, Token Robot is now being prepared for selected 2027 bookings, private previews and carefully targeted label conversations.

ROBOTIC FUNK FOR PSYCHEDELIC NIGHT FLOORS

NIGHTTIME PSYCHEDELIC FROM SWITZERLAND

SOUND & KEY FACTS

- Token Robot moves in the Nighttime Psychedelic spectrum, with a focus on deep psychedelic grooves, robotic funk, machine-like movement and a colorful, twisted dancefloor atmosphere.
- The sound is playful yet serious, combining high-quality production, tight basslines, psychedelic textures, robotic details and versatile dancefloor energy.
- Designed with nighttime intensity in mind but flexible enough for daytime settings, the project brings good vibes, movement and a clear sonic identity to different dancefloors.
